Mr. and Mrs. Amasa H. Russell request the pleasure of your company at the marriage of their daughter

Mary Heath to Mr. Willie Mounbray Stoll, Wednesday, February the sixteenth, at four o'clock, at their home, Fort Lawn, South Carolina.

In a recent letter from Washington, D. C., to an old friend, Major G. S. Studer, for twenty years United States Consul at Singapore, says: "While at Des Moines I became acquainted with a liniment known as Chamber-lain's Pain Balm, which I found excel-lent against rheumatism as well as against soreness of the throat and chest (giving me much easier breath-ing). I had a touch of pneumonia early this week, and two applications freely applied to the throat and chest relieved me at it once. I would not be without it for anything." —Elected President.

From the "Daily Telephone" of Bloomington, Indiana, we see that Rev. S. R. Lyons has been elected president of Monmouth College In-diana, the largest denominational in-stitution of the U. P. Church. Mr. Lyons was born in Wino-boro, but at the age of fourteen, his family moved to Illinois. Of recent years he has been pastor of the U. P. Church in Bloomington Indiana, where he en-joyed a great degree of popularity, both as a pulpit orator and an able pastor. He will best be remembered by a recent visitor to relatives in our town in 1896, where he made many friends who heartily congratulate him upon the wider field now open for usefulness and good work.

—PROBABLY START 1st MARCH.

We are told that the factory will start to work about the first of next month. Our community has looked with just pride upon this enterprise; the building is one of the handsomest of its kind in the State, and the stock in the company is owned principally by home people. While there are a great many larger factories in the State, there is none better equipped. It has up-to-date machinery. The officers do not intend to make any great show, but by a business-like and conservative management of the con-cern, they hope to make it pay the stockholders a reasonable dividend on their investment and to make the enter-prise a good thing for the country. In some places, the beginning of a factory is no great thing, but the first factory to start operation is full of meaning. It means another. More will not be said now. When the factory is in full blast, we expect to give a full report of the enterprise.

Misses Sarah and Lizzie Beatty and Mr. C. K. Douglass will attend the marriage of Miss McCrorey on Wed-nesday.

Sick stomach means sick man (or woman). Why not be well?

Sick stomach comes from poor food, poor nourishment, means poor health, poor comfort. Shaker Digestive Cor-dial means health and a well stomach.

If we could examine our stomach we would understand why it is that so little will put it out of order.

But, unless we are doctors, we never see our stomach. We only feel it. We would feel it less if we took Shaker Digestive Cordial.

Shaker Digestive Cordial makes your stomach digest all the nourishing food you eat, relieves all the symp-toms of indigestion, acts as a tonic and soon makes you well and strong again.

The more you take, the less you will feel of your stomach.

At druggists. Trial bottle 10 cents.

EQUITABLE ASSESSMENT DEMANDED.

Mr. Editor: There is to be a re-as-sessment of real estate at this time and it is hoped that this will be more equitably done than heretofore. There are lands in the county which sold for about one dollar per acre and which cannot be sold for more, which are taxed at the rate of about two dollars per acre. Again there are many lands which will sell for ten and twelve dollars per acre which are assessed at only three or four dollars. An honest landholder who was willing to pay his fair proportion of taxes was heard to express surprise that his land which would sell for twelve dollars was only assessed at four dollars per acre when he knew that much land was assessed at or above its full selling price. Such an unrighteous condition of affairs need only to be mentioned to be con-demned. It is the sworn duty of the Equalization Board to see that every piece of property shall be assessed equitably as between man and man, without fear, favor, or affection. In many counties a rule is adopted of as-sessing real estate at from one-third to two-thirds the selling value and the effort is made to apply one rule to all tax payers. The same rule should certainly apply in Fairfield.

—Hennies' photographs are the best. He will be at Thespien Hall for ten days from February 19. Six fine pho-tographs for 35c. adv

—A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has Lame Back and Weak Kidneys, Malaria or nervous troubles. We mean he can cure him-self right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to the Liver and Kidneys, is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and Melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at McMaster & Co.'s.

—MARRIAGE IN LONGTOWN.

Mr. James H. Lathan and Miss Lula M. Jenkins was married on Wednesday, February 19, at 12 o'clock, at the home of Mrs. A. H. Jenkins.

Mr. Lathan is a young and highly re-spected citizen of Camden, S. C. Miss Lula Jenkins is one of Longtown's sweetest and prettiest girls. The ceremony was performed by the Rev. W. T. Duncan of Sumter county. The bride was dressed in a beautiful black satin, trimmed in white grow-land grain satin. The room was beau-tifully decorated with evergreen. The guests were entertained by the sweet music which was furnished by the Rev. Mr. Duncan and Dr. D. M. Provenza until about 1.30 o'clock, when the welcome sound came that dinner was ready. The table was beautifully furnished with the best that the country affords, and it was too good for any but an honest man to eat.

After dinner the bride and groom left for their home in Camden.

The invited guests present were as follows: Misses Carrie Stewart, Minnie Jackson, Alice Moore and Maggie Jenkins, Mrs. Sarah Stewart, Dr. Provenza and wife, J. W. Seigler and wife, Wm. Arledge, Will Lathan, Hugh Lathan, T. M. Haynes, W. J. Seigler, Levi Moore, John Moore and Jas. Moore.

We wish the newly married couple a long and happy life. H. M. F. Feb. 12, 1898.

—WOODWARD DOINGS.

Our town has been unusually quiet. News is a scarce article herabouts, and has been for some time. The weather at present is very pleasant. The farmers are taking advantage, plowing and hauling fertilizers. There is a large quantity of fertilizers used in this section, some using twice as much as last year. Look out for 4c. cotton again this fall.

Our town seems to be prospering. While the hard times are prevailing, some moving in, others building, etc. We have a wall street in the north western part of town. It has been macadamized by the financier (Brad-street).

Mr. R. Geo. Brice has just completed the erection of his wind-mill. It is one of Watt's latest improvements with band on the wheel. It adds much to the looks of the many improvements around his model home.

Some of our young ladies are going to make their departure from here soon to the north. We extend our heartiest sympathy to our bachelors.

Mr. J. Erwine Danbar, of Chester, spent last Sunday in town. Dr. J. Adam Haynes was in town on pro-fessional business last Friday.

I notice some insurance agents are in town looking after the interest of the newly married couples. Luck to the "wound-beg" widows.

Capt. Angus Nicholson, Sr., spent last Tuesday in Chester.

Mr. and Mrs. R. W. Stewart spent Friday night at their parents home. Feb. 13, 1898. Woodward, Jr.

—DEATH AT RIDGEWAY.

For the sixth time recently is our town called to mourn the loss of one of its little ones. On last Sunday little Lillian Wilson was taken suddenly ill. As she grew worse Dr. Team was called in and he pronounced the dis-ease meningitis. On Tuesday it was known that she was very sick, and as the shades of evening were falling the spirit of the little sufferer was called away.

Lillian was the fourth child of Mr. and Mrs. J. M. Wilson and was about seven years and seven months old. For all her life she has been in delicate health, but as Heaven withheld from her this blessing it granted to her others to be prized. There were no persons so much of strangers nor so uninteresting to her that she did not have a smile and a pleasant word for them, and she always seemed to be happy. At the hour for the funeral every place of business in the town

was closed and the people again re-paired to that abode of sorrow, Al-mwell cemetery, to pay the last solemn rites to one whom they loved. Leav-ing the house there followed in rear of the coffin, first, the Sunday School class of the little ones, then the be-leased family, then the school children of whom she had been one, and lastly a host of friends.

—The Greatest Discovery Yet.

W. M. Reine, editor Tiptonville, Ill., "chief" says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery."

It also cures the most stubborn cases of Coughs, Colds, Whoop-ing Cough, etc." It is idle to experi-ment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at McMaster & Co.'s drug store.

—BUCK LICK NEWS.

The farmers are quite jubilant here over the little rise in the price of cotton. This is very encouraging to their drooping spirits. But we all know that it is only a refreshing shower. "Twill only last until after cotton is planted, and then the long drought of low prices will lay it flat again."

Many of the farmers here who are not satisfied with getting five cents for their cotton were very much dis-appointed on last Monday that the Cotton Growers Association was not well attended. It seems that many of our farmers throughout the country are satisfied to sit with folded hands and see the price of cotton go to nothing. They will cry "hard times," and breathe long sighs over the condition of the country; but, friends, that don't raise the price.

"Let us, then, be up and doing, With a heart for any fate; Still achieving, still pursuing, Learn to labor and to wait."

Labors first for an improvement in the condition of things, and then we can afford to wait for results which, in all probability, will be favorable to us. Now, let's all turn out on the first Monday in March and have a full meeting and settle on some one plan to better our conditions; for we can't afford to live on 5 cents cotton. With our united efforts we are sure of success. "In unity there is strength."

Mrs. J. D. Harrison, P. B. Corn-well, N. A. Peay, Jr., John Hollis, and L. C. McElhenny were delegates from our club to the February meet-ing of the Cotton Growers Association and will serve at the March meeting. Feb. 12, 1898. M. C. P.

—HOW TO ORGANIZE CAMPS.

By Mrs. J. S. Wilkes.

When our daily cares are over, And to Christ in faith we go, How it lightens every burden, To think that one can feel and know.

When our earthly race is ended, And the call from heaven has come, Let us say, in a whisper, Our Father, "Thy will be done."

Let not your heart be troubled, Have faith in God above, Christ will prepare a place for all Who trust his precious word.

Faith in that life eternal, Faith in that home above, Faith in our Father who rules, Faith in his works of love.

Christ will come and take us, Unto himself and God, That where he is, there we may be, Resting in peace and love.

Where he goes we may go also, "He is the way, the truth, the life," No man goes unto the Father, But by him the only light.

Faith in Christ, He will direct you, Follow in the faith he leads, Straight to your Father you'll be car-ried. He will give you love indeed.

Faith is the sweetest feeling, Faith is the precious word, Thou faith in that dear promise That our God is love.

Faith again in these dear words, There's a mansion up above, Where rules the King of Glory, And all is peace and love. Blair's, S. C.
